# DUTYMAX™ Standard

Hydraulic powered airless sprayers

**This is for YOU when you're looking for technology that gets the job done. Technology that has proven to do the trick, time and time again. When you're tackling painting projects multiple days a week, you demand reliability. Graco's Standard Series of DutyMax hydraulic direct-immersion sprayers deliver durability and performance time after time.**

The **Standard Series** are built for professionals who don't need extras, looking for everyday reliability to get the job done fast and easy.

### Choose the right unit...

When your job requires proven and dependable productivity and versatility for spraying heavier materials, the all new DutyMax EH/GH 230DI Convertible sprayer delivers every time. When you need maximum performance, turn to the all new DutyMax EH/GH 300DI sprayer to get the job done fast! Equipped with a long stroke, direct immersion pump, these hydraulic sprayers are built for heavy and more demanding jobs.

### ... go for the Standard Series for everyday reliability!

Have a look at the features that have turned our DutyMax range into the industry standard. Discover the Standard Series, like so many other professionals have already.

#### Unique Hydraulic Technology

- High Efficiency Hydraulic Motor
  - Fast change-over design for uniform pressure at the gun
  - No hydraulic stalls thanks to special ramp design

#### High Capacity Cooling System

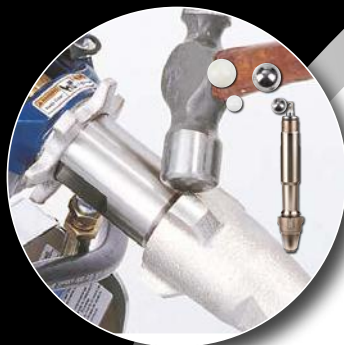

- Cooling fins on reservoir deflect heat faster
  - Extra-large oil reservoir
- Turbo fan for continuous cooling

#### ENDURANCE Pump with Direct Immersion

- Foot valve is positioned low to the ground where it stays submerged in the material bucket
- Long-life ceramic and stainless steel balls included for maximum versatility no matter what you're spraying
- QuikAccess intake valve to easily clean or clear debris.

#### Convertible gas & electric

- Simple conversion switching a gas or electric motor kit is quickly done by one person on a job site - no tools required.
- Flexibility to adapt to job site power: you can use the unit, regardless of power available on the job.

## Materials & Applications

The DUTYMAX sprayers are powerful hydraulic sprayers for high production contractors spraying a wide range of materials from latex and acrylics to elastomers on large residential and commercial jobsites. The DUTYMAX design has been optimized to efficiently spray heavy duty materials such as plasters, bitumens, fire retardants and liquid roofing solutions.

The DUTYMAX 300DI is robust, reliable and strong enough to support heavy duty jobs with heavy duty materials, even with 2 or 3 guns.

Watch our application videos at: [www.contractorclub.com](http://www.contractorclub.com)

#### Up to 90 m hose

Spray paint while your unit stays outside the building:

Unit	V	H	V+H (max.)	Tip Size	H* only (max.) * paint
DUTYMAX EH230DI	20 m	15 m	35 m	0.043"	45 m
DUTYMAX GH230DI	25 m	20 m	45 m	0.043"	60 m
DUTYMAX EH / GH 300DI	30 m	30 m	60 m	0.043"	90 m

#### Rugged, Durable Cart Design

With a Graco sprayer, it's not just the mechanical parts that are built to last. Our carts are built to deliver years of performance.

- Thick chrome over welded steel withstands rugged environments
- Full pneumatic wheels absorb impacts and vibrations
- Retractable handle also used as coiled hose storage

[www.graco.com](http://www.graco.com)

### Phase Control on DUTYMAX EH300DI

The DUTYMAX EH300DI is standard equipped with a **phase indication**: a light on the control box quickly determines phase direction. If necessary, the **Quick-Change electrical plug** can be switched to right polarity enabling a quick set-up and operation. In addition, the control box **protects the motor from high voltage**, preventing failures due to dirty power sources

## GOOD TO KNOW

### EASY OUT™ FILTER

The large filtering area reduces tip clogs and ensures a quality finish. Filter removes with the cap which means less mess.

### PLASTER SYSTEM

Extend your DUTYMAX sprayer to a fully complete plaster system with the 90 liter hopper and bag roller if you spray materials delivered in bags.

*SPRAY MORE THAN 700 m<sup>2</sup> in a day...*

Use the container suction set, pumping directly from a 500 or 1000 liter container delivered by your material supplier: extremely effective, especially if all built into a van or trailer.

# DUTYMAX™ Standard Accessories

## Improve your efficiency and quality

### Guns

- 289605 HD Blue Texture gun with RAC X guard and 531 tip
- 245820 HD Inline Plaster gun

### Easy Out™ Pump Filters

- 244071 30 mesh, grey
- 244067 60 mesh, black (= standard)
- 244068 100 mesh, blue
- 244069 200 mesh, red

### Pump Lower

- 24W999 Pump Lower Standard Series

### Hoses & Whips (230 bar)

- 240797 3/8" x 15 m
- 241275 3/8" x 30 m
- 240794 1/4" x 15 m
- 278499 1/2" x 15 m Fluid hose
- 238358 whip, 3/16" x 0.9 m
- 238959 whip, 3/16" x 1.4 m
- 238359 whip, 3/16" x 1.8 m
- 241735 whip, 1/4" x 0.9 m
- 191239 whip, 3/8" x 3.5 m

### Flexible Suction Kit

- 243167 Container suction kit, 1" (25 cm) - paint
- 24M445 Container suction kit, 2" (50 cm) - plaster

### Gun hose Kits

- 289611 Kit HD Blue Texture gun, 3/8" x 15m hose, whip hose, RAC X guard and 427+531 tip
- 289585 Kit HD Inline Gun, 1/2" x 15m hose, whip hose 3/8" x 3.5m, RAC X guard and WA1239 + 643 tip

### Hopper

- 287987 90 liter hopper
- 289587 Bag roller

### RAC X Tip Extensions

- 287019 25 cm
- 287021 50 cm
- 287020 40 cm
- 287022 75 cm

## ABOUT GRACO

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology that set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.

## ABOUT AEMCO

AEMCO was established in 2007 as an organization focused to increase professionalism and productivity in the arena of coating and surface preparation across the Kingdom of Saudi Arabia. Latest trends and technologies in coating industry were made available from AEMCO to our professional end users to achieve quality results and satisfaction. We started our operations in Riyadh and expanded to Central, Eastern, Western and Northern Region of the Kingdom.

### نبذة عن الشركة:
