

RTX™ 5500

Your optimized texture solutions
for interior, decorative and exterior finishes

PROFESSIONAL ADVANTAGES

- Compact and easy to operate
- Sprays a wide range of texture materials
- Enhanced performance and productivity

RTX 5500

Your optimized texture solutions for a full range of interior, decorative and exterior finishes

Introducing the All-New RTX Sprayers
Now with better performance than
ever before

- **MORE AIR**
- **MORE MATERIAL FLOW**
- **MORE PRODUCTIVITY**

Featuring optimized texture solutions for a full range of interior, decorative, and exterior finishes, this NEW RTX line-up delivers the increased performance, productivity, and legendary quality that has made Graco the industry's leader in texture solutions since 1992.

The **RTX 5500 Pro Interior Series** is an optimized texture system which is ideal for tradesmen and contractors looking to save time during medium- to large-scale jobs. This professional solution is designed to increase productivity and ensure that your work on the job site is time-efficient.

The **RTX 5500 Pro Exterior Series** is configured to tackle exterior jobs of all sizes. Ideal for the large residential and commercial contractor needing a compact yet powerful texture sprayer capable of handling a wide variety of Materials.

RotoFlex II Pump

The Proven "One-Piece Pump" that Always Delivers!

Graco's exclusive flow-through design provides a smooth material flow for uniform coverage and consistent spray pattern – everytime! Unmatched durability with abrasive materials.

- Easy to flush
- Easy to maintain, with no parts to rust

Dual-Piston Air Compressor

The power to spray it all!

- Delivers up to 50% more air* for demanding finishes
- Maintenance-free design
- Runs at a lower RPM for a longer service life

* Compared to RTX 1500

MaxPower™ DC Motor

Proven performance and fully enclosed

The fan-cooled design protects the motor from dust, dirt and other debris. The brushless design means that no brushes need to be replaced. Operates at 16 amps (high-output mode) and 10 amps for jobs with power limitations.

SmartStart™ System

Time-Saving Auto Start/Stop when trigger is pulled

- Reduces jobsite noise
- Extends pump and compressor life
- Reduces hopper and material vibration

WideTex™ Tips & Adapter

The fastest way to achieve a superior texture finish

Provides a broad, consistent fan-spray pattern, ensuring jobs can be completed more quickly and efficiently than ever before. Effortless left-to-right spraying motion, eliminating the need to keep the gun moving in a circular motion.

TIP!

When pumping extremely coarse materials, heavier aggregates have a tendency to build up on the interior surface of a hose. This can limit both the flow and dispersion of the material.

When spraying these materials, it may be worth considering **pre-lubricating your machine's pump and hose**. This reduces friction and enables the aggregates to slide more smoothly across the hose.

We have found that pre-lubrication works best with a **wallpaper adhesive paste**. Simply mix the adhesive with water, pour the mixture into the hopper and prime using the gun. This also works with simple dispersion paint.

These new features are available on both the RTX 5500 PI and RTX 5500 PX. The RTX 5500 PX also comes with:

RTX 5500 PI
Pro Interior

RTX 5500 PX
Pro Exterior

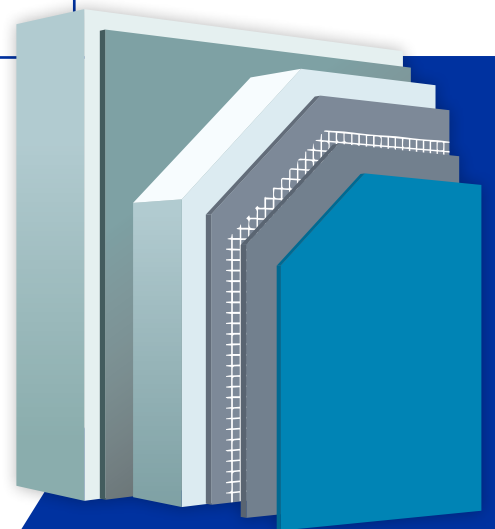

- No kink Bonded Heavy-Duty Material/Air Hose
- Hardened WideTex™ Tips: twice the service life for the most abrasive materials
- External air kit installed: connect an external compressor for the most demanding exterior applications and materials.

Materials & applications

The new RTX sprayers deliver the performance and productivity to spray a wide range of interior, decorative and exterior texture materials:

- Loam texture renders
- Loam texture finish coats
- EIFS adhesives & basecoats, both premixed and powder
- EIFS topcoats, both premixed and powder (up to 3mm particle size)
- Acoustic plasters
- Interior and exterior aggregate finish plasters (up to 3mm particle size)
- And more...

From base coats to top coats, the new RTX is the ideal tool for EIFS applications.

RTX 5500

for a full range of interior, decorative and exterior finishes

Technical Specifications

All units are shipped complete and ready to spray:

Model Name:	RTX 5500 PI	RTX 5500 PX
Part numbers: for EURO, IT, CH & DK version (230 V)	17H577	17H580
Max. fluid working pressure bar (psi)	7 (100)	7 (100)
Max. flow lpm (gpm)	21 (5.5)	21 (5.5)
Gun	Heavy duty air spray trigger	Heavy duty air spray trigger
Motor	Brushless MaxPower 2.0 hp	Brushless MaxPower 2.0 hp
Compressor air output	.26 m ³ /min (9.1 cfm)	.26 m ³ /min (9.1 cfm)
Nozzles included	3 mm, 4 mm, 6 mm, 8 mm, 10 mm, 12 mm	3 mm, 4 mm, 6 mm, 8 mm, 10 mm, 12 mm
WideTex tips included	4 mm, 6 mm, 8 mm, 10 mm, 12 mm, XL	Hardened - 4 mm, 6 mm, 8 mm, 10 mm, 12 mm, XL
Max hose length m (ft)	30 (100)	30 (100)
External air kit	Optional (287328)	Installed
Hose	7.5 m Blue transparant	7.5 m Heavy duty

Accessories

Get the most out of your equipment, using our professional accessories:

Guns

24S135 Air spray trigger gun with threaded hose connection

RTX fluid nozzles (round pattern)

15C883 3 mm
15C884 4 mm
15C885 6 mm
15C886 8 mm
15C887 10 mm
15C888 12 mm

WideTex tips*

Ensure a better finish than through using a fluid nozzle alone. Cover your surface more quickly for a finer finish.

24S142 WideTex Accessory Kit
24S143 WideTex Accessory Kit, Hardened

* Tip: use a disk which is as small as possible relative to the particle size. The smaller the disk, the wider the fan and the finer the finish. Always use in conjunction with the fluid nozzle.

Blue Translucent Hose Kits (Pro Interior)

17J454 Blue translucent hose kit: 3/4 in x 7.5 m
17J420 Blue translucent hose kit: 1 in x 7.5 m
17J421 Blue translucent hose kit: 1 in x 15 m

Heavy-Duty Hose Kits (Pro Exterior)

Solid heavy-duty blue hose kit
17L010 1 in x 3 m Whip
17L000 1 in x 7.5 m
17L003 1 in x 15 m
17L005 1-1/4 in x 7.5 m
17L009 1-1/4 in x 15 m

Various

287328 External air kit for RTX 5500pi
248515 Sponge ball clean-out kit (5 pack)
287314 RotoFlex™ pump hose kit

ABOUT GRACO

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology that set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.

ABOUT AEMCO

AEMCO was established in 2007 as an organization focused to increase professionalism and productivity in the arena of coating and surface preparation across the Kingdom of Saudi Arabia. Latest trends and technologies in coating industry were made available from AEMCO to our professional end users to achieve quality results and satisfaction. We started our operations in Riyadh and expanded to Central, Eastern, Western and Northern Region of the Kingdom.

نبذة عن الشركة:

تأسست شركة إيمكو في عام ٢٠٠٧ لتكون شركة تركز على زيادة الاحترافية والإنتاجية في ميدان الطلاء وتجهيز الأسطح للدهان في المملكة العربية السعودية. وفرت شركة إيمكو أحدث أساليب التقنية في مجال تنفيذ الطلاء لعملائنا المحترفين في صناعة تنفيذ الطلاء للوصول الى نتائج مبهرة ومرضية. بدأنا عملياتنا في الرياض وتطورت لتصل الى المنطقة الوسطى، المنطقة الشرقية، المنطقة الغربية والمنطقة الشمالية من المملكة العربية السعودية.
