**MIXING WITH THE BEST**

# BADGER MINI MIXING STATION

## Handle with Ease

T-bar handle for easy maneuverability and a balanced pour.

## Adjustable Mixing Height

Adjustable mixer mount to allow for the correct paddle replacement and proper mixing.

## Rugged & Compact Design

The robust, powder-coated frame will fit through the smallest doorways and in the back of your van. Two-piece handle for compact transport.

## Zero Lumps

A rounded canister eliminates unmixed compound and a lumpy pour.

## Easy Roll

Large 8"/200mm diameter solid wheels allowing steady transport over door sills and rough ground.

## Mixer Options

Hand mixer mount with variable collar allowing for a wide variety of mixers.

## Mix Right

Includes a large mixing paddle designed to lift and shear the compound quickly and effectively without adding in air. M14 Thread.

## Efficiency Plus

The disposable liner allows for increased efficiencies in both mixing and cleaning.

## Precision Pouring

A molded pouring spout allows for precise material pouring without any build-up.

## Easy Lift & Load

A molded handle for easy loading and unloading.

## Large Capacity

The huge 75-litre canister allows for up to three bags per mix.

Please Note: Conceptual render may differ from product.

## KEY FEATURES

- | Mixes and delivers material quickly with excellent control.
- | Easy operation by one person
- | Reduces time, effort, and labor costs
- | Compact design for transport and the smaller applications

- | Dust extraction port to allow vacuum connection to reduce dust hazard while mixing
- | Easy to clean out
- | Easy to carry

# FEATURES

## Handle With Ease

A large, offset T-bar handle with adjustable height allows for precision control and pouring. Also reducing back pain from long shifts of bending and pouring.

## Easy Carry

Large, integrated handholds allow for easy lifting and loading/unloading from vehicles.

**COMING SOON**

## Fast Clean Up

The disposable liners prevent the ongoing buildup of dried compound and saves hours of cleaning time. Ideal for resins, epoxies, and other difficult-to-clean products.

## Easy Roll & Stable Design

Large 8"/200mm diameter solid wheels inside a sturdy frame allowing steady transport over doorsills and rough ground.

## Mixing Consistency

The correctly angled and placed mixing paddle allows for perfect mixing and blending for a lump-free pour.

## Mixer Options

The adjustable mixer mount allows a wide range of hand mixers to be used to mix up to three bags.
